HACK FOR A CAUSE

April 7,8 and 9

DOWNTOWN ATHLETIC CLUB

HACK TOWN USA

ATTN WHITE-HATS, STUDENTS, DEVELOPERS, CODERS AND THINKERS:

Finally, a hackathon right here in Eugene. We're challenging you to use your powers for good and improve DOWNTOWN LIVABILITY in the most creative way possible.

Oh yeah... And YOU ONLY GET 48 HOURS TO DO IT.

Find out more at TechOregon.org

CULTIVATE your talent and improve your community.

CREATE far, far outside of the box, where the rules no longer apply

CONTRIBUTE to the greater good.

COLLABORATE with digital creatives, community organizers and civic leaders

COLLECT a cash prize by developing tangible solutions to seemingly intangible problems.

PRESENTING SPONSORS

TECHNOLOGY ASSOCIATION OF OREGON

First Tech federal credit union

Eugene

Kesey Square

Problem: What problem are you experiencing that might be solved by technology?:
Kesey Square as a community centerpiece and cultural hub. Reimagine it as our Times Square. Now make it interactive.

Challenge: What technology do you think would solve this problem?:
Large screen projection system. Apps that let people connect to it and submit content for display. Rules and ways to make sure the content is safe. Program for running the content. Way to cover the square from up above to shield people sitting and watching the display when it\'s raining for year round capacity.

Prize:What kind of prize would you offer for this Challenge?:
Chance to be the first to program content for it.
